In a survey of Maths Leaders who use 10ticks:

99% would recommend the worksheets to a colleague in another school.

90% said that the worksheets have positively motivated their pupils.

82% said that the use of the worksheets had contributed to an **increase in the standard of teaching in**

Increase teaching standards

This must-have collection is huge, with 8000+ worksheets and still growing! Our proven resource encourages teachers to find new ideas and to increase their range of maths pedagogy.

I use your worksheets daily and can vouch that they are very useful and do make a difference to my teaching. R.C. Our teaching has been enhanced so much by the materials you have provided over the last few years. SH

Amazing value

We keep our costs as low as we can to support you and your school. Use Pupil Premium and Primary PE and Sport Premium allocations to make your budget go further. Everything is included for one price, you'll wonder how you ever lived without it.

Can I just say that the worksheets have proved to be worth every penny especially when used with the less able children who do not appear to realise they are doing quite complex problems, within their ability range, when solving problems. VB

"If you've not added 10ticks to your maths resources, you're missing out." - Times Educational Supplement.

10ticks Annual Worksheet Licence

A proven, successful and trusted resource

10ticks is a trusted, quality brand that has been around since 2000. We are used in over 50 countries around the world, bringing the best working practice to you in one central hub. You can rely on 10ticks quality.

Not a single maths teacher that I have met could be without it!!! JP

Motivates all types of learners

A huge variety of worksheet styles that stimulate, motivate and increase student attainment. Inspire all types of learners at all stages of learning.

Consolidation/Problem solving

Games

Puzzles

Investigations

Calculated Colourings

Action Maths

Whatever the ability, whatever the year group, it's there! SR

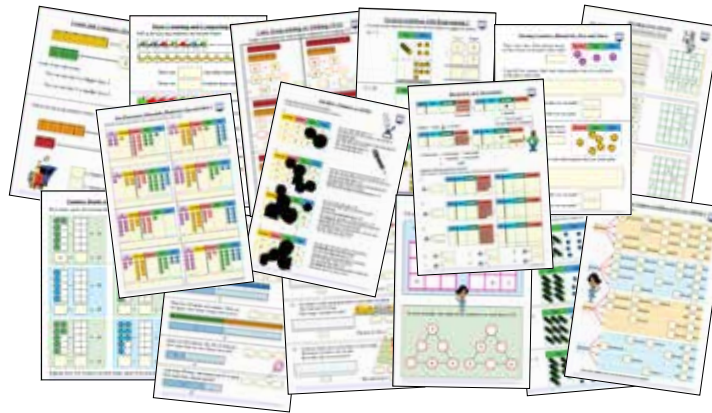

The most up to date maths resource

As we update every year, you can relax in the knowledge that we have your back, and all curriculum changes are covered. Not only that, we regularly add enrichment materials to get you and your pupils excited about maths.

Thank you so much for all your hard work 10ticks. The new worksheets are a fantastic addition to the collection with great ideas to support pupil learning. Once again thank you for your hard work and continued creative genius. KG

Mastery/Singapore Maths

Mastery maths is an engaging and accessible style of teaching mathematics, inspired by the approaches adopted in Singapore and Shanghai. Over 2000 pages available!

Original and innovative

Come straight to the experts. Free of the constraints faced by traditional publishers, we spend time producing for you, giving you the best materials on the market and coming up with new, brilliantly conceived and innovative ideas.

The 10ticks sheets cover everything I could possibly want from simple introductions to complex extensions. They challenge pupils to apply their knowledge in different ways and have given me, as a teacher, new ways of looking at, introducing and reinforcing concepts. SA

Introducing Mental Maths at 10ticks.com

10ticks Mental Maths is a fun and engaging online resource designed to help support the instant recall of multiplication and division facts and other mental maths topics. It is delivered in a simple environment that requires very little teacher intervention and absolutely zero marking.

I have never used a mental maths tool that has engaged my students like 10ticks.com. It's so simple to use, and my students are motivated to improve mental maths skills every day. My class enjoys the challenge of moving up on the worldwide leader board, and competing with other students from all over the world.

Teacher, Canada

Diagnostic and remedial feedback

10ticks Mental Maths allows pupils to see areas of learning which require improvement. They can focus on their weaker areas without any teacher intervention.

We have seen great engagement and positive progress in their performance, it's pleasing to see them get faster and faster at answering the questions.

Teacher, England

Variety of challenges

10ticks Mental Maths will get pupils excited with a range of activities. From challenging classmates online to playing live games across the globe, these stimulating activities are guaranteed to engage pupils. Ideal for MTC practice.

10ticks Mental Maths is easy to use and Beat the Clock is fantastic! I would definitely recommend Mental Maths to my friends from other schools.

Pupil, England
