- Delivers latest GCSE specification
- Contains over **10 000** worksheets
- Used in over 50 countries

Prices valid until July 2022

## In a survey of Heads of Maths who use 10ticks:

99% would recommend the worksheets to a colleague in another school.

90% said that the worksheets have positively motivated their pupils.

82% said that the use of the worksheets had contributed to an **increase in the standard of teaching in their schools.**

Survey conducted by Manchester Metropolitan University Business School. See website for full details.

## The most up to date maths resource

As we update every year, you can relax in the knowledge that we have your back, and all curriculum changes are covered. Not only that, we regularly add enrichment materials to get you and your pupils excited about maths.

*Thank you so much for all your hard work 10ticks. The new worksheets are a fantastic addition to the collection with great ideas to support pupil learning. Once again thank you for your hard work and continued creative genius. KG*

## Amazing value

We keep our costs as low as we can to support you and your school. Everything is included for one price - you'll wonder how you ever lived without it.

*Can I just say that the worksheets have proved to be worth every penny, especially when used with the less able children who do not appear to realise they are doing quite complex problems, within their ability range, when solving problems. VB*

*If you've not added 10ticks to your maths resources, you're missing out. Times Educational Supplement.*

## 10ticks Promise

As curriculum experts we know that the curriculum is likely to change again. As a result we promise that we will update in line with any future changes to the National Curriculum and mathematical innovations.

## Options

Post: Fisher Educational Ltd, Fisher House, 20 Kingwood Avenue, Bolton, BL1 5JA Tel: 01204 584876

### 10ticks Annual Worksheet Licence

#### A proven, successful and trusted resource

10ticks is a trusted, quality brand that has been around since 2000. We are used in over 50 countries around the world, bringing the best working practice to you in one central hub. You can rely on our quality.

*Not a single maths teacher that I have met could be without it!!!* JP

#### Increase teaching standards

This must-have collection is huge, with 10 000+ worksheets and still growing! Our proven resource encourages teachers to find new ideas and to increase their range of maths pedagogy.

*I use your worksheets daily and can vouch that they are very useful and do make a difference to my teaching.* RC

#### Original and innovative

Come straight to the experts. Free of the constraints faced by traditional publishers, we spend time producing for you, giving you the best materials on the market and coming up with new, brilliantly conceived and innovative ideas, such as Calculated Colourings and Action Maths.

*The 10ticks sheets cover everything I could possibly want, from simple introductions to complex extensions. They challenge pupils to apply their knowledge in different ways and have given me, as a teacher, new ways of looking at, introducing and reinforcing concepts.* SA

#### Time saving

Don't waste time searching for specific materials, when our complete, ready-made resource, crafted by experts, can save you hours, making 10ticks the intelligent choice.

*Already the time available I spend lesson planning has increased. These worksheets have stopped me having to search out enough challenging questions for all abilities. The result - better resources, more quality planning, more actively engaged students.* LW

#### Caters for all types of learning

A huge variety of worksheet styles that stimulate, motivate and increase student attainment, including **mastery maths**. Inspire all types of learners at all stages of learning.

*I am very impressed with what I have seen with the worksheets. They have everything ... I have found them to be challenging and provide opportunities for the student to show more depth of knowledge.* AC

#### Deliver lessons online

The 10ticks Online Worksheet Licence gives you and any teacher at your school everything you need to deliver inspiring lessons, in one easy-to-use system. You and your colleagues can quickly and easily access the materials on any device, anywhere and at any time via the 10ticks.co.uk website. You can assign to classes the perfect worksheets for their lessons, helping to reduce lesson preparation time.

*The Online Worksheet Licence saves me time searching the internet trying to find the appropriate level of worksheets to support my lessons.* AL

#### Simple class login

Use the online worksheets so your classes can view them at home or during lessons, just like a textbook - except you get to choose the pages! Assign many worksheets at one time, setting work for the week or weeks ahead. Your students can then log in to the 10ticks.co.uk website on their computers, iPads/tablets or smart phones using their unique class login details, to view and/or download these worksheets.

*Absolutely loved using 10ticks during lockdown and more importantly so did my students. Thanks so much.* AV

#### Introducing **Mental Maths at 10ticks.com**

10ticks Mental Maths is a fun and engaging online resource designed to help support the instant recall of multiplication and division facts and other mental maths topics. It is delivered in a simple environment that requires very little teacher intervention and absolutely zero marking.

*I have never used a mental maths tool that has engaged my students like 10ticks.com. It's so simple to use, and my students are motivated to improve mental maths skills every day. My class enjoys the challenge of moving up on the worldwide leader board, and competing with other students from all over the world.*

Teacher, Canada

#### Diagnostic and remedial feedback

10ticks Mental Maths allows pupils to see areas of learning which require improvement. They can focus on their weaker areas without any teacher intervention.

*We have seen great engagement and positive progress in their performance, it's pleasing to see them get faster and faster at answering the questions.* Teacher, England

#### Variety of challenges

10ticks Mental Maths will get pupils excited with a range of activities. From challenging classmates online to playing live games across the globe, these stimulating activities are guaranteed to engage pupils. Ideal for your KS3 students.

*10ticks Mental Maths is easy to use and Beat the Clock is fantastic! I would definitely recommend Mental Maths to my friends from other schools.* Pupil, England
